

#10 Summarize the strengths and weakness of the Teaching Fellow. In what ways was their teaching effective and in what ways could their teaching be improved?

Instructor: Bondeli, Moritz

Responses for Instructor: 5
Declined to Answer Question: 2

Respondent	Answer
1539835	Very helpful. Great guy.
1542678	Moritz was extremely helpful, and I found his teaching to be very effective. I liked the way he prepared little quizzes for us in the slides to test our knowledge, covered concepts that had been challenging on past problem sets, and gave an effective preview of what the coming week's problem set would cover. He was very engaging in his lectures, and I felt like I could approach him with questions. Both he and Changwook were excellent teaching fellows!
1549131	Moritz is a dedicated TF, always keen to help and share advice. He came to classes prepared and I always learnt something useful from section meetings with him. He sets a high bar for TFs in Yale.
1551160	Moritz was a good TF for a challenging course. I think the time slot (4:30-5:30pm on Tuesdays) was a bit unfortunate because it was difficult to focus and pay attention but he did well considering the circumstance. I frequently went back to Moritz's slides when I was doing problem sets or needed to remember how to code something, so I found those very useful. I also appreciated Moritz's thorough on my problem sets.
1555901	Clear and well prepared for section
