1623052	Moritz is an excellent TF for this course. He produced very useful visual demonstrations of tricky concepts, especially using R simulations, and designed thorough but concise presentations for section. He worked through the material at a good pace and took the time to take questions and answer thoughtfully. He was especially patient in office hours and in class and clearly had a good grasp of the material. Moritz also provided a lot of helpful feedback on the problem sets and was kind and encouraging, which I greatly appreciated!
