1674894	Moritz may have been the best TA I've had in my three years at Yale. He did a great job facilitating discussion in section, even when people were hesitant to participate at first. He had an impressive ability to make complicated concepts easy to understand and remember without oversimplifying anything. And he was always very friendly and accessible if you had questions after section. When I heard that this was his first year as a TA I couldn't believe it!
